Loan Number: _____ Date: _____

Owner Name(s): _____

Phone #: _____

THIS RENOVATION CONTRACT (“Contract”) dated as of _____, _____ is made and entered into by and between the owners listed above (“Owner,” whether one or more persons) and

 (“Contractor”).

Owner and Contractor, in consideration of the mutual promises and covenants hereinafter set forth, and of other valuable consideration, the receipt and sufficiency of which are hereby acknowledged, agree as follows:

Article 1. Work.

Contractor will perform the renovation services identified in Exhibit A (“Work”) in accordance with the Contract Documents, as identified in Article 5 of this Contract, on property which is located at _____ (“Property”).

Article 2. Contract Time.

The Work will be completed on or before _____ (“Completion Date”), subject to modifications in approved Change Orders, but no later than six (6) months after the loan closing date. The Work will be considered completed when Owner’s lender, or its successors and/or assigns (“Lender”), obtains a certificate of completion stating the Work was completed in accordance with the Contract Documents, and a final, unconditional certificate of occupancy is issued by the responsible government authority, if required by law. Before starting the Work, Contractor will submit to Owner for review an estimated progress schedule indicating the starting and completion dates of various stages of the Work, including the Completion Date, and the corresponding payments (but not to exceed three (3) payment disbursements, as further set forth in Article 6.1 below) to be made to the Contractor during the course of the Work (the scheduled stages of Work and payments referred to herein as the “Contract Time”).

Article 3. Contract Price.

Owner will pay to Contractor an amount equal to \$ _____ (“Contract Price”) for completion of the Work (including all materials, subcontractors, equipment, permits, and any other costs or expenses necessary for the completion of the Work).

Article 4. Change Orders.

Any increase or decrease in the Contract Price, change in the Work or change in the Contract

Time must be set forth in a change order signed by Owner and Contractor and approved by the Lender (each, a "Change Order").

Article 5. Contract Documents.

The "Contract Documents," which comprise the entire Contract between Owner and Contractor concerning the Work, consist of this Contract (including the exhibits hereto) and, as applicable, the plans and specifications, blueprints, shop drawings, building permits, Change Orders, Contract Time estimate, and any amendments or addenda to any of the foregoing. Owner shall be the owner of such Contract Documents; Lender shall be entitled to inspect such Contract Documents upon request.

Article 6. Payment Procedures

6.1 Progress Payments. Contractor will submit to Owner a request for payment in a form substantially similar to the form attached hereto as Exhibit B ("Request for Disbursement") which will cover completed and inspected Work to be paid for by such disbursement.

Payments to Contractor will be made as follows:

- a. a disbursement on the Loan closing date for the purchase of materials;
- b. up to three (3) disbursements during the course of the Work; and
- c. a final disbursement of the Holdback, set forth below, and any other amounts owed to Contractor once the requirements set forth in Article 6.2 have been met.

With the exception of the final payment, Owner will authorize payments to Contractor in the amount covered by a Request for Disbursement within ten (10) business days from the day the Request for Disbursement is presented to Owner; however, ten percent (10%) of the amount of each Request for Disbursement ("Holdback") will be retained by Lender to be paid with the final payment to Contractor. However, notwithstanding the foregoing, if Owner has any concerns about the Request for Disbursement that Owner believes should be resolved before Owner pays the amounts specified in the Request for Disbursement, then within ten (10) business days after the Request for Disbursement is presented to Owner, Owner will notify Contractor of Owner's concerns and Owner and Contractor will promptly meet to address such concerns. Assuming such concerns may be resolved between Owner and Contractor, Owner shall pay the amount covered by the Request for Disbursement, subject to the Holdback set forth above, to the Contractor within five (5) business days of the resolution of Owner's concerns, unless the payment to be made is the final payment, in which case the procedures set forth below must be followed. Owner may withhold payment for: (1) Contractor's failure to perform the Work in accordance with the Contract Documents; (2) defective Work that is not corrected; or (3) failure of the Contractor to pay subcontractors or to pay for labor, materials or equipment when due.

6.2 Final Payment. Final payment of the balance of the Contract Price, including the Holdback, will be made in accordance with the following procedures:

- a. When Contractor considers the Work substantially complete, Contractor will notify Owner in writing. Within a reasonable time thereafter, Owner and Contractor will inspect the

Work. Promptly after such inspection, Owner will deliver to Contractor a written punch list of the items that must be completed in order for the Work to reach final completion (“Final Completion”). Alternatively, Owner will deliver to Contractor a written statement that Final Completion has been reached because no punch list items remain to be completed.

b. If Owner delivers a written punch list to Contractor, then Contractor will deliver to Owner a written notice that the Work is complete when Contractor believes that the punch list items have been completed. Then Owner and Contractor will promptly inspect the punch list items. Promptly after such inspection, Owner will deliver to Contractor either (i) a written statement that Final Completion has been reached or (ii) another written punch list of the items that still must be completed in order for the Work to reach Final Completion in which event the punch list procedure described herein will be repeated until all punch list items have been completed.

c. When Final Completion has been reached and after Contractor has delivered to Owner all maintenance and operating instructions, warranties, schedules, guarantees, certificates of inspection, marked-up record documents and all other documents related to the Work and any materials used in the Work, Contractor may submit a final Request for Disbursement for the balance of the Contract Price. The final Request for Disbursement will be accompanied by all documentation called for in the Contract Documents, including the certificate of occupancy, if required by law, and all completed lien waivers (satisfactory to Owner and Lender) of all potential liens arising out of or filed in connection with the Work.

Article 7. Interest.

Payments due and unpaid to Contractor will bear no interest.

Article 8. Contractor’s Representation.

In order to induce Owner to enter into this Contract, Contractor makes the following representations:

Contractor has familiarized itself with the nature and extent of the Contract Documents, Work site, locality, and all local conditions and laws and regulations that in any manner may affect cost, progress, performance or furnishing of the Work. Contractor is duly licensed to perform the Work as required by Wisconsin law.

Article 9. Contractor’s Responsibilities.

9.1. **Performance.** Contractor will perform the Work in accordance with the Contract Documents. Contractor will be solely responsible for the means, methods, techniques, sequences and procedures of construction.

9.2. **Personnel.** Contractor will provide competent, suitable personnel to perform services as required by the Contract Documents. Contractor will at all times maintain good discipline and order at the Property.

9.3. **Furnished Items.** Contractor will furnish and be fully responsible for all materials,

labor, transportation, construction equipment and machinery, tools, appliances, fuel, power, light, heat, telephone, water sanitary facilities, temporary facilities and all other facilities and incidentals necessary for the furnishing, performance, testing, start-up and completion of the Work, except as specified in the Contract Documents.

94. **Materials.** All materials and equipment will be of good quality and new, except as otherwise provided in the Contract Documents. All materials and equipment will be applied, installed, connected, erected, used, cleaned and conditioned in accordance with the instructions of the applicable supplier.

95. **Subcontractors.** Contractor will be fully responsible to Owner for all acts and omissions of its subcontractors, suppliers and other persons and organizations performing or furnishing any of the Work under a direct or indirect contract with Contractor just as Contractor is responsible for Contractor's own acts and omissions. Nothing in the Contract Documents will create any contractual relationship between Owner and any such subcontractor, supplier or other person or organization, nor will it create any obligation on the part of Owner to pay any such subcontractor, supplier or other person or organization except as may otherwise be required by Wisconsin law. Upon request, Contractor will give Owner and Lender the name, address and telephone number of each person or company that has a contract with Contractor to supply materials or labor for the Work.

96. **Permits; Inspections.** Contractor will obtain all building permits unless otherwise agreed to by the Owner in writing. Owner will assist Contractor, when necessary, in obtaining such permits. Contractor will pay all governmental charges and inspection fees necessary for the Work and arrange for all such inspections to occur if required. Owner will assist Contractor, when necessary, in arranging such inspections. Contractor will give all notices and comply with all laws and regulations applicable to furnishing and performing the Work. The cost of any building permits, inspections or other government charges related to the Work may be included in the Contract Price, but Owner shall not be responsible for any fees or costs associated with Contractor's Dwelling Contractor certification, or any other licensure that may be required under Wisconsin law to perform the Work.

97. **Taxes.** Contractor will pay all sales, consumer, use and other similar taxes required to be paid by Contractor in accordance with the laws and regulations of the place of the Work which are applicable during the performance of the Work.

98. **Use of Premises.** Contractor will confine construction equipment, the storage of materials and equipment and the operations of workers to the Property, and will not unreasonably encumber the Property with materials or equipment. Contractor will be fully responsible for any damage to the Property or areas contiguous thereto resulting from the performance of the Work. During the progress of the Work, Contractor will keep the Property free from accumulations of waste materials, rubbish and other debris resulting from the Work. At the completion of the Work, Contractor will remove all waste materials, rubbish and debris from and about the Property as well as all tools, appliances, construction equipment and machinery, and surplus materials, and will leave the Property clean and ready for occupancy by Owner.

99. **Record Documents.** Contractor will maintain in a safe place at the Property one (1) record copy of all Contract Documents, annotated to show all changes made during

construction.

9.10. **Safety.** Contractor will be responsible for initiating, maintaining and supervising all safety precautions and programs in connection with the Work. Contractor will comply with all applicable laws and regulations relating to the safety of persons or property.

9.11. **Continuing the Work.** Contractor will carry on the Work and adhere to the Contract Time during all disputes or disagreements with Owner.

9.12. **Damage to the Work.** Contractor will repair or replace, at Contractor's sole expense, every portion of the Work that is damaged or destroyed prior to Final Completion and caused in whole or in part by the acts or omissions of Contractor. Notwithstanding the foregoing, Owner will bear the cost of such repair or replacement if the sole cause of the damage or destruction of the Work was, in whole or in part, the acts or omissions of Owner.

9.13. **Warranty.** Contractor warrants and guarantees to Owner that all Work will be in accordance with the Contract Documents and will not be defective. If within one (1) year after the date of Final Completion or such longer period of time as may be prescribed by laws or regulations or by the terms of any specific provision or applicable special guarantee in the Contract Documents, any Work is found to be defective, Contractor will promptly, without cost to Owner and in accordance with Owner's written instructions, promptly either correct such defective Work, or if it has been rejected by Owner, remove it from the Property and replace it with non-defective Work. If Contractor does not promptly comply with the terms of such instructions, or in an emergency where delay would cause serious risk of loss or damage, Owner may have the defective Work corrected or the rejected Work removed and replaced, and all direct, indirect and consequential costs of such removal and replacement (including but not limited to fees and charges of engineers, architects, attorneys and other professionals) will be paid by Contractor.

9.14. **Indemnity and Hold Harmless.** Contractor will indemnify and hold harmless Owner against all loss, liability, cost expense, damage and economic detriment of any kind whatsoever that arises out of or results from performance of the Work but only to the extent caused in whole or in part by the acts or omissions of the Contractor.

9.15 **Related Work at Property.** Owner may perform other work at the Property, which is not part of the Work, by Owner's own forces or by other contractors Owner has hired by direct contract to perform such other work. Contractor will afford Owner's own forces and each other contractor who is a party to such a direct contract with Owner proper and safe access to the Property and a reasonable opportunity for the introduction and storage of materials and equipment and the execution of such work. Contractor will do all cutting, fitting and patching of the Work that may be required to make its several parts come together properly and integrate with such other work. Contractor will not endanger any work of others by cutting, excavating or otherwise altering their work and will only cut or alter their work with the written consent of Owner and the others whose work will be affected.

Article 10. Insurance.

10.1. **Contractor's Insurance.** Contractor will purchase and maintain the following

insurance policies at all times while completing the Work: (i) a builder's risk insurance policy; (ii) commercial general liability insurance, in amounts required by Wisconsin law; (iii) worker's compensation insurance as required by Wisconsin law; (iv) automobile insurance in amounts required by Wisconsin law for each vehicle that will be used in providing the services hereunder; and (v) other insurance as is appropriate for the Work being performed.

Before any Work is started, Contractor will deliver to Owner certificates or other evidence of the insurance that Contractor is required to purchase and maintain, as set forth herein.

10.2 Owner's Insurance. Owner will be responsible for purchasing and maintaining property insurance, and other reasonably appropriate insurance.

Article 11. Termination.

11.1 Termination by Owner. If the Contractor breaches any of its obligations under this Agreement, then Owner may give Contractor written notification identifying such breach. If Contractor either does not cure such breach within such seven (7) day period after the notice of breach is presented, or fails to diligently begin to cure to such breach within such seven (7) day period (for a breach that cannot be cured within seven (7) days), Owner may terminate this Contract and take possession of the Work. Alternatively, instead of terminating the Contract, Owner may cure the breach and deduct the cost thereof from amounts otherwise owed to the Contractor.

11.2 Termination by Contractor. If the Owner breaches any of its obligations under this Agreement, then Contractor may give Owner written notification identifying such breach. If Owner either does not cure such breach within such seven (7) day period after the notice of breach is presented, or fails to diligently begin to cure to such breach within such seven (7) day period (for a breach that cannot be cured within seven (7) days), Contractor may terminate this Contract.

Article 12. Miscellaneous.

12.1. Assignment of any rights or interests under this Contract will not be binding on any party to this Contract without the written consent of such party. Payments due under this Contract may not be assigned. Notwithstanding the foregoing, the Owner hereby assigns all of its rights, title and interest in and to this Contract to the Lender, _____, having an address at _____, as additional security for the loan. The Contractor hereby consents to such assignment. Notwithstanding anything to the contrary in this Contract, upon a breach by the Owner of this Contract, the Contractor will give the Lender notice of such a breach, at the address set forth above, and provided that the Owner or the Lender cures such default within a reasonable period and continues to pay the Contractor all amounts due under this Contract, the Contractor will continue to perform its services under this Contract.

12.2. Owner and Contractor each binds itself, its partners, successors, assigns and legal representatives, to the other party hereto, its partners, successors, assigns and legal representatives in respect to all covenants, agreements and obligations contained in the Contract Documents.

12.3. This Contract and all issues, disputes and matters arising out of it will be governed by and construed in accordance with the laws of the State of Wisconsin, without regard to conflict of

law principles.
