Dear Housing Provider:

The Wisconsin Housing and Economic Development Authority (WHEDA) and the WHEDA Foundation, Inc. are pleased to announce the 2022 Housing Grant Program competition. The Foundation will award \$1,000,000 to assist in the development and improvement of housing facilities throughout our state that provide housing for people in crisis.

Applications are due August 26, 2022. The maximum individual award available is \$50,000. There is no minimum grant award and small funding requests are allowed. Grant awards will be announced on or about December 21, 2022.

Beneficiaries of this program include: the homeless, runaway youth, youth in out-of-home placement, veterans, alcohol or drug dependent persons, persons in need of protective services, domestic abuse victims, developmentally disabled, low income or frail elderly persons, chronically mentally ill, physically impaired or disabled, people living with HIV disease, and persons without access to traditional housing.

We encourage you to examine the application materials and apply for this year's competition. Together, we can assist those in Wisconsin who need access to quality housing.

Sincerely,
