

HOUSING GRANT PROGRAM Project Completion Extension Request

As a general guideline, project completion shall not exceed the 12-month period following receipt of WHEDA Foundation grant funds. However, we understand that things out of our control can affect a project's timeline, and an extension of the completion date may be needed.

Please note: awarded projects with unspent grant funds beyond the 12-month period following the receipt of a WHEDA Foundation grant may not be eligible for future awards until projects are completed.
