

FINANCIAL STATEMENT REQUIREMENTS

WHEDA requires annual delivery of audited financial statements for **most** WHEDA-financed projects. The audit must be performed by an independent accountant, signed by the owner and management agent and submitted to WHEDA within 60 days of fiscal year end (FYE). Submission should be done through each project's Procurement Workcenter. For more details, refer to Addendum A below (Audited and Reviewed Statement Requirements)

All projects are required to complete the Standardized Financial Input Template and submit within 60 days of their FYE. The Standardized Financial Input Template is located in each project's Procurement Workcenter.

Below is a list of projects that **may** be eligible for an ongoing audit waiver along with the type of financial report required in lieu of an audit. Examples of exceptions to the ongoing audit waiver include loans with a “Watch” status or those serviced by WHEDA on behalf of 3rd parties.

Type of Project	Requirement
Projects without Section 8 assistance, no HTC (Housing Tax Credits) or HTC past initial 15-year compliance period and aggregate WHEDA loan balance between \$500,000 - \$10,000,000.	Reviewed Financial Statement
Projects with American Recovery and Reinvestment Act awards (TCAP and Exchange) without WHEDA financing.	Reviewed Financial Statement
Projects without Section 8 assistance, no HTC or HTC past initial 15-year compliance period and aggregate WHEDA loan balance of less than \$500,000	Standardized Financial Input Template

ADDENDUM A

AUDITED AND REVIEWED STATEMENT REQUIREMENTS

The audit and reviewed statement must be performed in accordance with Generally Accepted Accounting Principles (GAAP), issued by the Comptroller General of the United States. In addition, the audit must be prepared in accordance with generally accepted auditing standards (GAAS), issued by the American Institute of Certified Public Accountants (AICPA).

The audit or reviewed statement must:

- Be performed by an independent certified public accountant (CPA);
- Include the name and contact information of the lead CPA responsible for the preparation of the report;
- Be signed by both the owner and management agent;
- Provide a management letter of comments and recommendations, if any.

The below entity types will need to adhere to additional specific audit requirements:

- For-profit entities receiving Section 8 Assistance Payments: refer to HUD's CONSOLIDATED AUDIT GUIDE FOR AUDITS OF HUD PROGRAMS HANDBOOK 2000.4
- Non-profit organizations receiving Section 8 Assistance Payments, Public Housing Authorities and State or Local Governments are typically subject to Uniform Administrative Requirements, Cost Principals, and Audit Requirements for Federal Awards (2 CFR 200) for new awards and additional funding to existing awards made after December 26, 2014 (existing awards should follow OMB Circular A-133). They should provide an organizational audit with all supplementary data on a project-specific basis.

Supporting Data to be Included in all Audited or Reviewed Statements:

- I. Itemized Accounts and Notes Receivable other than from tenants. WHEDA requires any amount due from WHEDA or a similar entity to be identified separately. *(Please include Section 8 special claims and reserve releases reimbursed the following year for expenses incurred in the reporting year)*
- II. A Schedule of Delinquent Tenant Accounts Receivable.
- III. Any amounts distributed to partners.
- IV. A list of all non-WHEDA held deposit accounts.
- V. Related party transactions.
- VI. Calculation of Preservation Fee, if applicable.
- VII. Computation of Surplus Cash, if applicable. (See addendum B).

ADDENDUM B

COMPUTATION OF SURPLUS CASH

This calculation is required for projects with surplus cash notes payable to WHEDA or projects with a required remittance of surplus cash funds. WHEDA reserves the right to discuss distributions in the event of an operating deficit or a debt coverage ratio under 1.0.

Please note: Projects required by HUD to compute surplus cash may use HUD's form in lieu of the calculation below.
