

**Submit to WHEDA with the final application documentation requesting 8609 issuance.  
Attach the Appendix M from the year of the original LIHTC application**

**OWNER  
LIHTC ENERGY EFFICIENCY CERTIFICATION**

The undersigned hereby acknowledges and certifies to the Wisconsin Housing and Economic Development Authority (WHEDA) that he/she represents, \_\_\_\_\_ the Owner of (LIHTC project name) \_\_\_\_\_, LIHTC Project # \_\_\_\_\_ located in (city/cities) \_\_\_\_\_, Wisconsin.

In accordance with the energy efficiency threshold requirements specified in the LIHTC Qualified Allocation Plan and Tax Credit Application governing the year of original application, I hereby certify the following:

**NEW CONSTRUCTION PROJECTS:**

\_\_\_\_\_ Each building envelope in the project exceeds the State of Wisconsin Department of Commerce Building Envelope Requirements by a minimum of 2%. **The data output worksheets used to verify this standard, using REScheck™ software, are attached and are provided as part of this certification.** The REScheck™ calculations must demonstrate compliance with State of Wisconsin building codes. REScheck™ reports are required for each building.

For buildings that exceed four stories, (New Construction, Acquisition/rehab and Adaptive Re-use projects) COMcheck™ data worksheets may be submitted in place of the REScheck™ documentation. Building envelope must exceed the State of Wisconsin Department of commerce Building Envelope Requirements by a minimum of 2%.

**PRESERVATION (Acquisition/Rehab) & ADAPTIVE RE-USE PROJECTS:**

\_\_\_\_\_ Each building envelope in the project exceeds the State of Wisconsin Department of Commerce Building Envelope Requirements by a minimum of 2%. **The data output worksheets used to verify this standard, using REScheck™ software, are attached and are provided as part of this certification.** The REScheck™ calculations must demonstrate compliance with State of Wisconsin building codes. REScheck™ reports are required for each building.

If 2% cannot be achieved, Applicant must provide a letter that describes best efforts **AND** describes greater than normal efficiencies of ancillary items such as: window replacement "U" value, insulation "R" value, heating systems and lighting systems used in the development.

If 2% cannot be achieved, Applicant must use building renovation components which meet the **ENERGY STAR™** or equivalent building standards. Check the upgraded building components that comply: \_\_\_ windows, \_\_\_ wall insulation, \_\_\_ roof insulation, \_\_\_ exterior doors.
