

No Veteran should be without a place to call home.

WE NEED YOU!

The Department of Veterans Affairs is looking for landlords in Southeastern and Northeastern Wisconsin to help house Veterans through vouchers to use with landlords in the private market to find housing. These vouchers come with ongoing financial assistance and social services supports so that no Veteran who served our country ever has to experience homelessness.

Benefits of Renting to Veterans:

- **Reliable income**
- **Reduced vacancy rates**
- **Support from the VA**
 - **Stable tenancy**
- **Serve those who served**
- **Make a positive impact**
- **Annual property inspection to maintain quality**
 - **Support community health outcomes**
- **Be part of the solution to ending homelessness among Veterans**
