

2019 Housing Tax Credit Program

Revised Deadline for 2019 State Housing Tax Credit Applications

July 27, 2018

WHEDA had intended to have a December 14, 2018 deadline for 2019 4% federal & state housing tax credit applications. Due to some limitations within our on-line tax credit application (LOLA), applicants will not be able to begin working on 2019 4% applications until January 4th, 2019.

Therefore, the 2019 4% application will be available within LOLA on Friday, January 4th, 2019 – the deadline for 2019 4% federal & state housing tax credit applications will now be 5:00 PM on Friday, January 18th, 2019.

This change will not impact the expected mid- to late-October 2018 availability of LOLA (or the December 14th, 2018 application deadline) for 2019 9% applications, nor will it change the nearly year-round application window for 4% federal housing tax credit applications that do not include a request for state housing tax credits.
